

Create Nintendo Box Art!

Have a great idea for a videogame or would you like to imagine one of your favourite games as a classic Nintendo game? Fill in the template below and see what you can create!

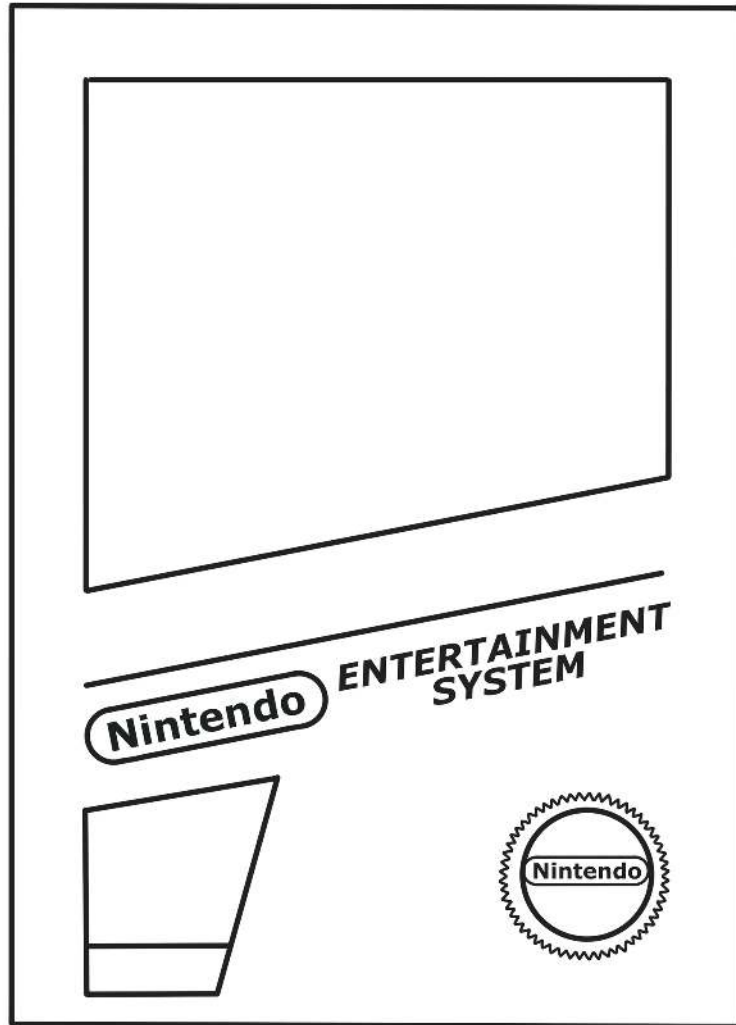

Add some exciting game artwork here!

Add your game title here!

Add which series would your game be a part of, or make up a new series!

The template is based on Nintendo Entertainment System (NES) Box Art. Check out the Cover for Duck Hunt released in 1984!

These covers also let you know what type of game it is, by including the 'series' in the bottom left corner. These included a sports, arcade, action, light gun and even a programmable series!
